

Marvell Announces Accelerated Infrastructure For The AI Era Event

SANTA CLARA, Calif., March 7, 2024 /PRNewswire/ -- Marvell Technology, Inc. (NASDAQ: MRVL), a leader in data infrastructure semiconductor solutions, today announced it will host its Accelerated Infrastructure for the AI Era event in New York City on Thursday, April 11, 2024, from 10 AM to 12 PM Eastern Time, with presentations from Chairman and CEO Matt Murphy and the senior leadership team.

The event will be webcasted live and can be accessed through the events section of Marvell's Investor Relations website at <http://investor.marvell.com/> with a replay available following the event. In person attendance is by invitation only.

About Marvell

To deliver the data infrastructure technology that connects the world, we're building solutions on the most powerful foundation: our partnerships with our customers. Trusted by the world's leading technology companies for over 25 years, we move, store, process and secure the world's data with semiconductor solutions designed for our customers' current needs and future ambitions. Through a process of deep collaboration and transparency, we're ultimately changing the way tomorrow's enterprise, cloud, automotive, and carrier architectures transform—for the better.
