INFORMATION REGARDING VOTING AT THE ANNUAL GENERAL MEETING

General

At the Annual General Meeting, the shareholders of the Company are being asked to consider and to vote upon (1) the election of the two directors constituting Class 1 of the Board of Directors nominated by the Company's Board of Directors to serve until the Annual General Meeting of Shareholders to be held in calendar year 2007 (see "Election of Directors" at page 4 of this proxy statement); (2) the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors for its 2005 fiscal year (see "Re-appointment of Independent Auditors" at page 6 of this proxy statement); (3) the authorization of the Board of Directors to fix the auditors' remuneration for the Company's 2005 fiscal year ending February 1, 2005 (see "Authorize the Board of Directors to Fix the Auditors' Remuneration" at page 6 of this proxy statement); and (4) the amendment of the Company's Memorandum of Association to increase the Company's authorized capital to allow a bonus issue of shares resulting in a two for one stock split (see "Approval of Increase of Authorized Share Capital" at page 7 of this proxy statement). Shares represented by properly executed proxies received by the Company will be voted at the Annual General Meeting in the manner specified therein or, if no instructions are marked on the proxy card, FOR each of the director nominees identified on such card, FOR the re-appointment of PricewaterhouseCoopers LLP as the Company's independent auditors for the Company's 2005 fiscal year, FOR authorizing the Board of Directors to fix the auditors' remuneration and FOR the amendment of the Company's Memorandum of Association. Although management does not know of any other matter to be acted upon at the Annual General Meeting, unless contrary instructions are given, shares represented by valid proxies will be voted by the persons named on the accompanying proxy card in accordance with their respective best judgment with respect to any other matters that may properly come before the Annual General Meeting.

Record Date and Voting

April 14, 2004 has been set as the record date for the Annual General Meeting. Only shareholders of record on Wednesday, April 14, 2004, will be entitled to notice of and to vote at the Annual General Meeting. On the record date, _____ shares of the Company's common stock, par value \$0.002 per share (the "Common Stock"), were outstanding. Each share of outstanding Common Stock is entitled to one vote on each matter to be voted on at the Annual General Meeting. There is no cumulative voting in the election of directors.

The presence, in person or by proxy, of the holders of at least a majority of the voting power of the stock issued and outstanding and entitled to vote is necessary to constitute a quorum at the Annual General Meeting. In the event there are not sufficient votes for a quorum at the time of the Annual General Meeting, the Annual General Meeting may be adjourned in order to permit the further solicitation of proxies.

Abstentions and broker non-votes are counted for the purpose of determining the presence or absence of a quorum for the transaction of business. With regard to the election of directors, votes may be cast in favor or withheld. Directors are elected by plurality, and therefore votes that are withheld and broker non-votes will be excluded entirely from the vote and will have no effect. Abstentions are counted in tabulations of the votes cast on proposals presented to shareholders other than the election of directors, thus having the effect of a negative vote, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved and therefore will have no effect on the outcome of such matter, subject to limited exceptions. Any shareholder proposals that properly come before the Annual General Meeting require, in general, the affirmative vote of a majority of the voting power of the shares of Common Stock present, in person or represented by proxy, at the Annual General Meeting and entitled to vote on the subject matter.

Shareholders should complete and return the proxy card as soon as possible. To be valid, the proxy card must be completed in accordance with the instructions on it and received at the address set forth below by 5:00 p.m., local time, on May 27, 2004:

Marvell Technology Group Ltd.
c/o Wachovia Bank
Attn: Proxy Tabulation NC-1153
P.O. Box 217950
Charlotte, NC 28254-3555
U.S.A.

No postage is required if the proxy is mailed in the enclosed envelope within the United States to the address set forth above.

Revocation of Proxies

Execution of a proxy will not in any way affect a shareholder's right to attend the Annual General Meeting and vote in person, and any person giving a proxy has the right to revoke it at any time before it is exercised. A proxy may be revoked by either:

- delivering to the Secretary of the Company, prior to the commencement of the Annual General Meeting, either a written notice of revocation or a duly executed proxy bearing a later date at the address set forth above; or
- voting in person at the Annual General Meeting.

Solicitation

The Company is making this solicitation, and the cost of preparing, assembling and mailing the Notice of Annual General Meeting of Shareholders, this Proxy Statement and the enclosed proxy card will be paid by the Company. Following the mailing of this proxy statement, directors, officers and other employees of the Company may solicit proxies by mail, telephone, e-mail or in person. These persons will receive no additional compensation for these services. The Company has retained Georgeson Shareholder to assist the Company in the solicitation of proxies. Georgeson Shareholder will receive a fee of \$10,000 for such services plus out-of-pocket expenses, which fees and expenses will be paid by the Company. Brokerage houses and other nominees, fiduciaries and custodians nominally holding shares of Common Stock of record will be requested to forward proxy soliciting material to the beneficial owners of such shares, and will be reimbursed by the Company for their reasonable charges and expenses in connection therewith.

PRESENTATION OF FINANCIAL STATEMENTS

In accordance with Section 84 of the Companies Act 1981 of Bermuda and Bye-Law 73 of the Company, the Company's audited consolidated financial statements for the fiscal year ended January 31, 2004 will be presented at the Annual General Meeting. These statements have been approved by the Company's directors. There is no requirement under Bermuda law that these statements be approved by shareholders, and no such approval will be sought at the meeting.

RE-APPOINTMENT OF INDEPENDENT AUDITORS

In accordance with Section 89 of the Companies Act 1981 of Bermuda, the Company's shareholders have the authority to appoint the Company's independent auditors. At the meeting, shareholders will be asked to re-appoint PricewaterhouseCoopers LLP as the Company's independent auditors for the Company's 2005 fiscal year ending January 29, 2005.

Board Recommendation and Required Vote

The Board of Directors recommends that you vote FOR the re-appointment of PricewaterhouseCoopers LLP as the Company's independent auditors for the Company's 2005 fiscal year ending January 29, 2005. The affirmative vote of the holders of Common Stock representing a majority of the voting power of the outstanding Common Stock, present or represented by proxy and voting at the Annual General Meeting, is required to re-appoint PricewaterhouseCoopers LLP. In the event that the shareholders do not appoint independent auditors at the Annual General Meeting, Bermuda law requires that the existing auditor remain in office until a successor is appointed in accordance with Bermuda law and the Company's Bye-laws.

Proposal No. 3

AUTHORIZE THE BOARD OF DIRECTORS

TO FIX THE AUDITORS' REMUNERATION

In accordance with Section 89 of the Companies Act 1981 of Bermuda, the Company's shareholders have the authority to authorize the Board of Directors to fix the auditors' remuneration for the Company's 2005 fiscal year ending January 29, 2005. At the meeting, shareholders will be asked to authorize the Board of Directors to fix the auditors' remuneration.

Board Recommendation and Required Vote

The Board of Directors recommends that you vote FOR authorizing the Board of Directors to fix the remuneration of PricewaterhouseCoopers LLP for the Company's 2005 fiscal year ending January 29, 2005. The affirmative vote of the holders of Common Stock representing a majority of the voting power of the outstanding Common Stock, present or represented by proxy and voting at the Annual General Meeting, is required to authorize the Board of Directors to fix the auditors' remuneration for the Company's 2005 fiscal year ending January 29, 2005.

Proposal No. 4

APPROVAL OF INCREASE OF AUTHORIZED SHARE CAPITAL

At the Annual General Meeting, the shareholders will be asked to approve an increase to the Company's authorized share capital. Effective as of February 25, 2004, the Board of Directors approved a bonus issue of shares to effectuate a 2 for 1 stock split, subject to shareholder approval of an increase in the authorized share capital of the Company.

Description of Changes

The Company proposes to increase the authorized share capital of the Company from US\$500,000.00 to US\$1,000,000.00 by the creation of 250,000,000 additional shares of Common Stock of par value \$0.002 each.

The increased authorized share capital will allow the Board to issue bonus shares to effectuate the 2 for 1 stock split approved by the Board on February 25, 2004. The Board believes the additional authorized share capital is necessary to allow the issuance of the bonus shares to effectuate the stock split, which stock split will offer investors in the Company's shares enhanced liquidity in the shares and make the shares more attractive to a broader range of investors. The effect of the additional authorized shares and the subsequent bonus issue of shares will be to double the number of authorized and outstanding shares of Common Stock.

Board Recommendation and Required Vote

The Board of Directors recommends that you vote FOR approving the increase of authorized share capital. The affirmative vote of the holders of Common Stock representing a majority of the voting power of the outstanding Common Stock, present or represented by proxy and voting at the Annual General Meeting, is required to approve the increase of authorized share capital.

The number of shares beneficially owned by each shareholder is determined in accordance with the rules of the Securities and Exchange Commission and are not necessarily indicative of beneficial ownership for any other purpose. Under these rules, beneficial ownership includes those shares of Common Stock that the shareholder has sole or shared voting of investment power and any shares of Common Stock that the shareholder has a right to acquire within 60 days after April 1, 2004 through the exercise of any option, warrant or other right. The percentage ownership of the outstanding Common Stock, however, is based on the assumption, expressly required by the rules of the Securities and Exchange Commission, that only the person or entity whose ownership is being reported has converted options or warrants into shares of Common Stock. The amounts shown are based on information furnished by the people named.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

Composition of the Board of Directors

The Company's Amended and Restated Bye-Laws provide for two or more directors, and the number of directors is currently fixed at 10 directors. The number of directors currently appointed to the Board of Directors is seven. There are currently three vacancies on the Board of Directors. The Company's Board of Directors is divided into three classes, each serving staggered three-year terms, which means that only one class of directors is elected at each Annual General Meeting of Shareholders, with the other classes continuing for the remainder of their respective terms. Directors may only be removed for cause by a special resolution of the Company.

Board of Directors Meetings and Attendance and Compensation

Meetings

There were nine meetings of the Board of Directors in fiscal 2004. Each of the directors attended at least 75% of the total number of meetings of the Board of Directors and committees on which such director served.

Although the Company's directors are encouraged to attend the Company's Annual General Meeting, the Company does not have a formal policy requiring directors to attend the Annual General Meeting. Three directors attended the 2003 Annual General Meeting.

Compensation of Directors

The Company's directors do not receive cash compensation for their service as directors or as members of any committee of the Board of Directors [this will be updated upon adoption of a new cash compensation plan]. Under the Company's 1997 Directors' Stock Option Plan, each new non-employee director receives an option to purchase 30,000 shares of Common Stock upon joining the Board of Directors. The options vest over a period of five years, with 20% vesting on the first anniversary of the grant date, and 1.67% vesting each month thereafter provided that the non-employee director remains a director of the Company through such period. In addition, under the plan, each incumbent non-employee director is granted an option to purchase an additional 6,000 shares of Common Stock on the date of each annual general meeting of the Company, provided that on such date the director has served on the board for at least six months prior to the date of such annual general meeting. This option commences vesting on the day that is one month after the fourth anniversary of the grant date, with 8.3% vesting each month thereafter provided that the non-employee director remains a director of the Company through such period. The exercise price per share for each option is equal to the fair market value on the date of grant.

Committees of the Board of Directors and Attendance

The Company's Board of Directors has a standing Audit Committee, Governance Committee, Executive Compensation Committee and Stock Option Committee. The Board of Directors does not have a formal Nominating Committee. The Board has the independent directors (based on the Nasdaq definition of independence) on the Board make recommendations to the full Board regarding candidates for nomination and the size and composition of the Board. The Board believes that this process effectively serves the functions of a nominating committee, and does not believe there is a need for a separate, formal nominating committee. The directors that participate in the consideration of director nominees are Kuo Wei (Herbert) Chang, Ronald D. Verdoom, Dr. John M. Cioffi, Ph. D. and Dr. Paul Gray, Ph. D.

The current membership of each committee is as follows, with the Chairman of the committee listed first in each case:

<u>Audit Committee</u>	<u>Governance Committee</u>	<u>Executive Compensation Committee</u>	<u>Stock Option Committee</u>

Audit Committee

The Audit Committee's responsibilities are generally to assist the Board in fulfilling its legal and fiduciary responsibilities relating to accounting, audit and reporting policies and practices of the Company and its subsidiaries. The Audit Committee also, among other things, oversees the Company's financial reporting process, recommends to the Board of Directors the engagement of the Company's independent auditors, monitors and reviews the quality and activities of the Company's internal audit function and those of its independent auditors, takes those actions it deems necessary to satisfy itself that the auditors are independent of management and monitors the adequacy of the Company's operating and internal controls as reported by management and internal auditors. The Board of Directors has adopted a written charter for the Audit Committee. The Board of Directors has determined that the members of the Audit Committee are independent as defined under the National Association of Securities Dealers' listing standards. The Audit Committee meets quarterly and at such additional times as are necessary or advisable. The Audit Committee held nine meetings during fiscal 2004. Prior to his retirement as a director on December 12, 2003, the Board had determined, and Diosdado P. Banatao had served, as the audit committee financial expert and was independent as that term is used in the Securities Exchange Act of 1934 (the "Exchange Act"). The Board intends to appoint an audit committee financial expert who is independent prior to the Annual General Meeting.

Governance Committee

The Governance Committee was formed by the Board of Directors on March 11, 2004. The Governance Committee is responsible for developing and implementing policies and practices relating to corporate governance, including reviewing and monitoring implementation of the Company's Corporate Governance Guidelines. The Governance Committee also supervises the Board's annual review of director independence and each Committee of the Board, as well as leading the Board's annual self-evaluation. The newly-formed Governance Committee is in the process of developing its charter. When the charter is finalized, it will be available on the Company's Investors' Relations Website (www.marvell.com/investors). The Governance Committee was not formed until after fiscal 2004, and accordingly did not hold any meetings in fiscal 2004.

Executive Compensation Committee

The Executive Compensation Committee has the authority to approve salaries and bonuses and other compensation matters for the Company's executive officers, to approve employee health and benefit plans and to administer the Company's stock option plans. The Executive Compensation Committee held one meeting during fiscal 2004.

Stock Option Committee

The Stock Option Committee is authorized to make grants of stock options under the Company's Amended and Restated 1995 Stock Option Plan to employees of the Company and to officers and general managers of each of the Company's subsidiaries. The Stock Option Committee held nine meetings during fiscal 2004.

Nominations for Election of Directors

As described above, the independent directors select nominees for election as directors. The candidates for election at this Annual General Meeting were unanimously recommended by such independent directors. Such independent directors will consider proposals for nomination from shareholders that are made in writing to the Company's Secretary, that are timely received and that contain sufficient background information concerning the nominee to enable proper judgment to be made as to his or her qualifications. See "Shareholder Proposals For The 2005 Annual General Meeting" on page 23.

Director Qualifications

The independent directors of the Board believe that the following specific, minimum qualifications must be met by a nominee for the position of director:

- the ability to work together with other directors, with full and open discussion and debate as an effective, collegial group;
- current knowledge and experience in our business or operations, or contacts in the community in which we do business and in the industries relevant to our business, or substantial business, financial or industry-related experience; and

Table of Contents

- the willingness and ability to devote adequate time to our business.

Other than the foregoing there are no stated minimum criteria for director nominees. We believe, however, that it is appropriate for at least one, and, preferably, multiple, members of the Board to meet the criteria for an “audit committee financial expert” as defined by the Securities and Exchange Commission, and that a majority of the members of the Board meet the definition of “independent director” under the rules of The Nasdaq Stock Market. We also believe it is appropriate for certain key members of management to participate as members of the Board.

When making their determination whether a nominee is qualified for the position of director, the independent directors may also consider such other factors as they may deem are in the best interests of the Company and its shareholders, such as the following qualities and skills:

- relationships that may affect the independence of the director or conflicts of interest that may affect the director’s ability to discharge his or her duties;
- diversity of experience and background, including the need for financial, business, academic, public sector and other expertise on the Board or Board committees; and
- the fit of the individual’s skills and experience with those of the other directors and potential directors in comparison to the needs of the Company.

When evaluating a candidate for nomination, the independent directors do not assign specific weight to any of these factors or believe that all of the criteria necessarily apply to every candidate.

Identifying and Evaluating Nominees for Director

The independent directors review annually the appropriate skills and characteristics required of Board members in the context of the current composition of the Board. Candidates considered for nomination to the Board may come from several sources, including current and former directors, professional search firms and shareholder nominations. Nominees for director are evaluated by the independent directors, which may retain the services of a professional search firm to assist them in identifying or evaluating potential nominees.

Communication with the Board of Directors

Shareholders may send communications to the Board or individual Board members to the offices of the Company’s U.S. subsidiary, Marvell Semiconductor, Inc., 700 First Avenue, MS-509, Sunnyvale, California, 94089; Attn.: Legal Department. You must include your name and address in the written communication and indicate whether you are a shareholder of the Company. The Vice President of Business Affairs and General Counsel will compile all such communications and forward them to the appropriate director or directors based on the subject matter or to the individual director or directors to whom such communication is addressed.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Company’s Executive Compensation Committee for fiscal 2004 consisted of the following members: Diosdado P. Banatao (Mr. Banatao retired as a director on December 12, 2003), Kuo Wei (Herbert) Chang, John M. Cioffi and Dr. Paul Gray. No member of the Executive Compensation Committee is a current or former officer or employee of the Company or its subsidiaries. To the Company’s knowledge, there are no Executive Compensation Committee interlocks between the Company and other entities involving the Company’s executive officers or Board members who serve as executive officers or board members of such other entities.

OPTION GRANTS IN LAST FISCAL YEAR

The following tables set forth certain information as of January 31, 2004 and for the fiscal year then ended with respect to stock options granted to and exercised by the Named Executive Officers. The options granted to the Named Executive Officers in fiscal year 2004 granted under the Company's 1995 Plan. Except for the grant of options to acquire 50,000 shares of Common Stock, which option vests 100% on the fourth annual anniversary of the grant date, and 70,000 shares of Common Stock, which option vests on the third annual anniversary of the grant date, granted to the Company's Vice President and Chief Financial Officer, the options granted to the Named Executive Officers are exercisable as to 25% on the first annual anniversary of the grant date and 1/48th each month over the remaining three years from the date of grant. The percent of the total options set forth below is based on an aggregate of 13,721,866 options granted to employees during fiscal year 2004. All options granted to the Named Executive Officers were granted at the then fair market value as determined by the Company's Board of Directors on the date of grant.

Potential realizable value represents hypothetical gains that could be achieved for the options if exercised at the end of the option term assuming that the fair market value of the Common Stock on the date of grant appreciates at 5% and 10% over the option term (10 years) and that the option is exercised and sold on the last day of its option term for the appreciated stock price. The assumed 5% and 10% rates of stock price appreciation are provided in accordance with rules of the Securities and Exchange Commission and do not represent the Company's estimate or projection of the Company's future Common Stock price. We used the grant date price (the closing price on the Nasdaq National Market on the date of grant) in determining the value of the options granted to Named Executive Officers in fiscal year 2004. The calculation includes the difference, if any, between the fair market value on the date of grant and the exercise price for such options. The hypothetical gains shown are net of the option exercise price but do not include deductions for taxes and other expenses payable upon exercise of the option or for sale of the underlying shares of Common Stock. Actual gains, if any, on stock option exercises will depend on the future performance of the Company's Common Stock, the officer's continued employment through applicable vesting periods and the date on which the options are exercised.

Employment Contracts and Change-in-Control Arrangements

The Company does not have any employment agreements with any of its executive officers. The Company does not have any compensatory plan or arrangement that would result in any payments to any executive officers upon such officer's resignation, retirement or other termination or from a change in control of the Company. Accordingly any of the Company's executive officers may resign at any time and the employment of any executive officer may be terminated at any time by the Board of Directors.

JOINT REPORT OF THE EXECUTIVE COMPENSATION AND STOCK OPTION COMMITTEES

To: The Board of Directors

The responsibility of the Executive Compensation Committee is to oversee compensation practices, levels and components for the Company's President and Chief Executive Officer, Executive Vice President, Vice President and Chief Financial Officer and Chief Technology Officer (collectively, the Company's executive officers). The Stock Option Committee administers the Company's option plans and is solely responsible for awarding stock option grants to all of the Company's eligible employees, and also recommends compensation and stock option grants to the Executive Compensation Committee with respect to the Vice President of Finance and Chief Financial Officer. The Executive Compensation Committee met once in fiscal year 2004 to determine compensation packages for the Company's executive officers. The Stock Option Committee met nine times throughout fiscal year 2004 to determine stock option grants for the Company's eligible employees.

Overall Executive Officer Compensation Philosophy

The Committees believe that the compensation programs for the Company's executive officers should reflect the Company's performance and the value created for our shareholders by such persons' efforts. In addition, the compensation

[Table of Contents](#)

programs should support the short-term and long-term strategic goals and values of the Company, should reward individual contributions to the Company's success and should reflect comparable market salaries for similar officers of comparable companies within the Company's industry.

The policy for the Executive Compensation Committee is to provide these officers with compensation opportunities that are based upon their personal performance, the financial performance of the Company and their contribution to that performance, and that are competitive enough to attract and retain highly skilled individuals. Each officer's compensation package may be comprised of one or all of the following three elements: (i) a base salary; (ii) long-term incentives through the award of stock options under the Company's stock option plans; and (iii) an additional discretionary award in the form of cash, options or both cash and options.

For fiscal year 2004, the compensation package of Dr. Sehat Sutardja, Ms. Weili Dai, Dr. Pantas Sutardja and George Hervey each consisted of: (i) a base salary; and (ii) an award of stock options under the Company's stock option plans. In addition, Dr. Sehat Sutardja and Dr. Pantas Sutardja received \$21,750 and \$18,000, respectively, pursuant to the Company's Patent Award Program.

The Company and the Committees currently do not endorse employment contracts and, therefore, none of the current executive officers of the Company is a party to an employment contract. Marvell generally intends to qualify executive compensation for deductibility without limitation under section 162(m) of the Internal Revenue Code. Section 162(m) provides that, for purposes of regular income tax and the alternative minimum tax, the otherwise allowable deduction for compensation paid or accrued with respect to a covered employee of a publicly-traded company (other than certain exempt performance-based compensation) is limited to no more than \$1.0 million per year. Marvell does not expect that the non-exempt compensation to be paid to any of its executive officers for the last fiscal year as calculated for purposes of section 162(m) will exceed the \$1.0 million limit.

Annual Salary and Incentive Compensation Program

The principal factors that the Committees took into account in establishing compensation packages for the 2004 fiscal year are described below. Either Committee may, however, in its discretion apply entirely different factors, such as different measures of financial performance, or create different compensation elements, in future fiscal years.

Base Salaries. The base salary for each executive officer was generally established by the Executive Compensation Committee on the basis of the individual's level of responsibility and performance, as well as market information and the salaries paid to executive officers of comparable companies in the Company's industry. The President and Chief Executive Officer is involved in recommending the amount of base salary and stock option awards for the Vice President of Finance and Chief Financial Officer.

Stock Option Grants. In fiscal year 2004, the Company did not offer a long-term cash incentive plan to the executive officers. Stock options are granted to reward the executive officers on a long-term basis and to align the interests of the executive officers with those of its shareholders. Stock options may be granted by the Executive Compensation Committee to the Company's executive officers and the Stock Option Committee may grant other employees stock options under the Company's Amended and Restated 1995 Stock Option Plan. Because of the direct relationship between the value of an option and the stock price, both the Executive Compensation and Stock Option Committees believe that options motivate those executive officers and employees granted options to manage the Company in a manner that is consistent with shareholder interests. Stock option grants are intended to focus the attention of the recipient on the Company's long-term performance, which the Company believes results in improved shareholder value, and to retain the services of the executive officers and employees in a competitive job market by providing significant long-term earnings potential. To this end, stock options generally vest and become fully exercisable over a period of years. Initial option grants typically vest as follows: 20% of the total shares underlying the option vest on the first anniversary of the vesting commencement date and 1.67% of the total shares vest on the monthly anniversary of the vesting commencement date thereafter. Options have an exercise price equal to the fair market value of a share of the Company's common stock on the grant date thereof. The principal factors considered in granting stock options to executive officers of the Company are the executive officer's prior performance, prior stock option grants, level of responsibility and other compensation, the executive officer's ability to influence the Company's long-term growth and profitability and comparison with comparable awards granted to similar officers in comparable companies in the Company's industry.

Compensation of the President and CEO

During fiscal year 2004, the Executive Compensation Committee did not reset the base salary of Dr. Sehat Sutardja from its fiscal year 2003 level of \$500,000. Dr. Sutardja's base salary was not reset because the Executive Compensation Committee believes this base salary is at a level that approximates the median of base salary level for the chief executive officers of those companies with which the Company competes for executive talent. In fiscal year 2004, the Executive Compensation Committee granted Dr. Sehat Sutardja options to purchase 1,500,000 shares of the Company's Common Stock. In determining the size of this grant, the Executive Compensation Committee considered prior stock option grants to Dr. Sutardja by the Company and the stock option awards granted to chief executive officers of comparable companies in the Company's industry.

It is the opinion of the Committees that each of their respective compensation policies and plans provide the necessary total remuneration program to properly align the interests of the executive officers, the employees and the interests of the Company's shareholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term.

Jointly submitted by the Executive Compensation and Stock Option Committees of the Company's Board of Directors:

REPORT OF THE AUDIT COMMITTEE

To: The Board of Directors

As members of the Audit Committee for the 2004 fiscal year, we assist the Board of Directors in discharging its responsibilities relating to the oversight of the accounting, reporting, internal controls, financial practices and audit activities of the Company and its subsidiaries. The Board of Directors has determined that each member of the Audit Committee is an independent director as defined under the rules of The Nasdaq Stock Market.

A copy of the Company's 2004 amended and restated Audit Committee Charter is attached as an appendix to the Company's 2004 proxy statement filed in connection with the Company's 2004 Annual General Meeting of Shareholders. In fulfilling its oversight role, the Audit Committee has reviewed and discussed with management and the independent auditors the audited financial statements of the Company. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the financial statements are complete and accurate and in accordance with generally accepted accounting principles. Management has the primary responsibility for the financial statements and the reporting process of the Company. PricewaterhouseCoopers LLP, the Company's independent auditors, are responsible for expressing an opinion on the conformity of the Company's audited financial statements to generally accepted accounting principles.

The Audit Committee has met privately with PricewaterhouseCoopers and discussed with PricewaterhouseCoopers the matters required to be discussed by Statements on Auditing Standards No. 61 and No. 90 (Communication with Audit Committees). In addition, PricewaterhouseCoopers has provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the Audit Committee discussed with PricewaterhouseCoopers their independence from the Company and its management. The Audit Committee also considered PricewaterhouseCoopers' provision of non-audit services to the Company and determined that such provision of such services was compatible with maintaining the independence of PricewaterhouseCoopers.

Based on the review and discussions referred to above, the Audit Committee recommended, and the Board of Directors approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended January 31, 2004, for filing with the Securities and Exchange Commission and that PricewaterhouseCoopers be nominated for appointment as independent auditors for the Company for fiscal 2005, subject to the approval thereof by the Company's shareholders at the Company's next Annual General Meeting of Shareholders.

INFORMATION CONCERNING INDEPENDENT AUDITORS

PricewaterhouseCoopers LLP, independent public accountants, have been the auditors for the financial statements of the Company for each year since the year ended January 31, 1998. Representatives of PricewaterhouseCoopers will be present at the 2004 Annual General Meeting, and they will be given an opportunity to make a statement if they desire to do so and will be available to respond to any appropriate questions from shareholders.

In addition to retaining PricewaterhouseCoopers to audit the consolidated financial statements for fiscal 2004, the Company and its subsidiaries retained PricewaterhouseCoopers to provide various other services in fiscal 2004. The aggregate fees billed for professional services by PricewaterhouseCoopers in fiscal 2004 for these various services were:

Audit Fees

The aggregate audit fees billed or to be billed by PricewaterhouseCoopers LLP for each of the last two fiscal years for professional services rendered for the audit of the Company's annual financial statements, review of financial statements included in the Company's quarterly reports on Form 10-Q and services that were provided in connection with statutory and regulatory filings or engagements were approximately \$923,000 for fiscal 2004 and \$636,000 for fiscal 2003.

Audit-Related Fees

The aggregate fees billed or to be billed by PricewaterhouseCoopers LLP in each of the last two fiscal years for assurance and related services that were reasonably related to the performance of the audit or review of the Company's financial statements were \$181,000 for fiscal 2004 and \$0 for fiscal 2003. The nature of the audit-related services included certain due diligence and accounting advice related to acquisitions.

Tax Fees

The aggregate fees billed or to be billed by PricewaterhouseCoopers LLP in each of the last two fiscal years for professional services related to tax advice, tax compliance, tax planning and foreign tax matters were \$182,000 for fiscal 2004 and \$373,000 for fiscal 2003.

All Other Fees

The aggregate fees billed or to be billed by PricewaterhouseCoopers LLP in each of the last two fiscal years for services and products other than those reported in the categories above were \$10,000 for fiscal 2004 and \$10,000 for fiscal 2003. The nature of the other services included subscription to an accounting, auditing and reporting library and other miscellaneous services.

Policy on Pre-Approval of Retention of Independent Auditors

The engagement of PricewaterhouseCoopers LLP for non-audit accounting and tax services performed for the Company is limited to those circumstances where these services are considered integral to the audit services that PricewaterhouseCoopers LLP provides or in which there is another compelling rationale for using its services. Pursuant to the Sarbanes-Oxley Act of 2002, all audit and permitted non-audit services for which the Company engages PricewaterhouseCoopers LLP after May 6, 2003 require pre-approval by the Audit Committee.

As noted in the report of the Audit Committee at page 20 of this proxy statement, the Audit Committee considered the provision by PricewaterhouseCoopers LLP of non-audit services to the Company and determined that the provision of these services was compatible with maintaining the independence of PricewaterhouseCoopers LLP.

RELATED PARTY TRANSACTIONS

Since February 1, 2001, there has not been nor is there currently proposed any transaction or series of similar transactions to which Marvell was or will be a party in which the amount involved exceeded or will exceed \$60,000 and in which any director, executive officer, holder of more than 5% of Marvell's stock or any member of his or her immediate family had or will have a direct or indirect material interest, except as noted below.

In October 2001, the Company entered into a lease agreement with a privately-held design technology firm for certain computer-aided design software. The Company selected this product after an evaluation of competitive products on the strength of its merits. One of the officers of the design technology firm is the brother of an officer and director of Marvell and is also a shareholder of Marvell. The design technology firm was acquired by Cadence Design Systems in December 2001 and the lease agreement was subsequently amended in 2002. Total principal, interest and maintenance payments over the 31/2 year term of the lease agreement will be \$20.7 million.

During fiscal year 2004, the Company incurred approximately \$0.4 million of business travel and airplane operating expenses from an unrelated third-party entity, ACM Aviation, Inc. (ACM). The airplane provided by ACM to the Company is owned by Estopia Air, LLC (Estopia), a Delaware limited liability company, owned and controlled by Dr. Sehat Sutardja, the Company's Chairman, President and Chief Executive Officer, and Weili Dai, the Company's Executive Vice President and director. ACM manages and operates the airplane on behalf of Estopia. The \$0.4 million of expenses was the result of the Company's use of the plane for business travel purposes. The cost of such usage charged to the Company was determined based on market prices.

APPENDIX A

**Marvell Technology Group Ltd.
Amended and Restated Audit Committee Charter
2004**

Purpose

The primary purpose of the Audit Committee (the “Committee”) is to assist the Board of Directors (the “Board”) of Marvell Technology Group Ltd. (the “Company”) in fulfilling its responsibility to oversee management’s conduct of the Company’s financial reporting process, including by reviewing the financial reports and other financial information provided by the Company to its shareholders, the Company’s systems of internal accounting, financial and disclosure controls and the annual independent audit of the Company’s financial statements.

In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and the power to retain outside counsel, auditors or other experts for this purpose. The Board and the Committee are in place to represent the Company’s shareholders; accordingly, the outside auditor is ultimately accountable to the Board and the Committee.

The Committee shall review the adequacy of this Charter on an annual basis.

Membership and Meetings

The Committee shall be comprised of not less than three non-employee members of the Board. The Board shall designate a chairman of the Committee. The Committee’s composition will meet the independence, experience and other requirements of, or as may be established by, the Nasdaq Stock Market (“Nasdaq”) and the Securities and Exchange Commission (the “SEC”).

Accordingly, all of the members will be directors who:

- Have no relationship to the Company that may interfere with the exercise of their independence from management and the Company; and
- Are financially literate or who become financially literate within a reasonable period of time after appointment to the Committee.

Additionally, the Committee must:

- Include at least one financial expert, in accordance with the requirements of all regulatory bodies, including the SEC;
 - Be independent and may not accept compensatory fees, other than board of director fees, from the Company or its subsidiaries;
 - Be provided appropriate funding to fulfill its responsibilities and to have the authority to engage, terminate and compensate independent counsel and other advisers, as it deems necessary to fulfill its duties;
 - Appoint, compensate, and oversee the work of the external auditors, with the external auditors reporting directly to the Committee;
 - Resolve any disputes between management and the external auditors regarding financial reporting;
 - Pre-approve all external audit and non-audit services, including the fees and terms of all non-audit services provided by the external auditors;
-

Table of Contents

- Establish a process for handling anonymous concerns and complaints from employees regarding questionable accounting or auditing matters;
- Oversee new certifications by management in regard to fairness and completeness of reported financial information, disclosures, and internal controls;
- Obtain from the external auditor written reports on all critical accounting policies and practices, all GAAP treatments discussed within the organization, and other pertinent communications;
- Obtain and review an annual report by the external auditor describing the external auditor's internal quality control procedures and any material issues raised by the most recent internal quality control review or peer review of the external auditor's firm, or by any inquiry or investigation by the governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the external auditor's firm and steps taken to address those issues and all relationships between the external auditor and the Company;
- Discuss with the external auditors significant matters in the financial statements and the quality and acceptability of financial reporting decisions and judgments. Included in these discussions should be reports of disagreements with management, difficulties encountered during the audit, significant deficiencies in internal control, fraud and illegal acts, and major issues discussed with management prior to retention;

- Prepare the Committee report that the SEC rules require be included in the Company's annual proxy statement;
- Based on its review and discussion with management and the external auditors, recommend to the Board whether the financial statements should be included in the Company's annual report on Form 10-K;

- Look to the internal auditors for assurance that applicable policies, rules, and regulations have been complied with, and that the corporate culture includes effectively operating and open communications provisions; and,
- Perform such other duties enumerated in, and consistent with, this Charter and as otherwise required by Section 404 of the Sarbanes Oxley Act.

The Committee shall meet at least four times annually or more frequently as the committee may deem appropriate.

Key Responsibilities

The Committee's job is one of oversight and it recognizes that the Company's management is responsible for preparing the Company's financial statements and that the independent auditors are responsible for auditing those financial statements. Additionally, the Committee recognizes that financial management including any internal audit staff, as well as the outside auditors, have more time, knowledge and more detailed information about the Company than do Committee members; consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the outside auditor's work.

The following functions shall be the common recurring activities of the Committee in carrying out its oversight function. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances:

- Review with the outside auditors the Company's interim financial results to be included in the Company's quarterly reports to be filed with Securities and Exchange Commission and the matters required to be discussed by SAS No. 61; this review will occur prior to the Company's filing of the Form 10-Q;

- The audit committee shall review the independence and performance of the auditors. With respect to the independence of the independent auditors, the Committee shall:
 - Request from the outside auditors annually, a formal written statement delineating all relationships between the auditor and the Company consistent with Independence Standards Board Standard Number 1;
 - Discuss with the outside auditors any such disclosed relationships and their impact on the outside auditor's independence; and,
 - Recommend that the Board take appropriate action to oversee the independence of the outside auditor.
- The Committee, subject to any action that may be taken by the full Board, shall have the ultimate authority and responsibility to select (or nominate for shareholder approval), evaluate and, where appropriate, replace the outside auditor.

Other Matters

The Committee shall prepare such reports as are required by the Securities and Exchange Commission for inclusion in the Company's annual proxy statement and maintain minutes of its meetings.
